Dear Alaska Republican Party Convention Delegates,

I proudly endorse Carmela for Alaska Republican State Chair. She embodies the spirit of the grassroots movement, tirelessly working alongside us. Carmela isn't about ruling from the top; she's about being in the trenches, collaborating, and fighting alongside each one of us.

With Carmela at the helm, our state party will have a leader who listens, shows up, and leads among us. Carmela understands that the best leadership comes from being a boots on the ground leader, engaging directly with communities in every district.

History shows us that the most effective leaders are those who connect with and understand the needs of the people they serve. And with Carmela's commitment to grassroots leadership, our State Party will thrive. She is committed to representing ALL Republican voices in Alaska even the republicans in our small communities.

I am standing with Carmela because I know she will stand alongside us, not above us.

Sincerely,

Cassie Lawver
District 6 Delegate
